GREENBELT SCHOOLS

North End Elementary School

(The following article is the seventh of a series on schools serving the Greenbelt Community)

by Sandra Barnes

White, rectangular and unimposing, Greenbelt North End School sits slightly back from the road with a large expanse of playground and surrounding woods in the rear. The school is approximately 30 years old and originally opened with 12 classrooms; an addition built some eight years ago contains a cafeteria/multi purpose room and seven more classrooms. Interior bulletin boards are festooned with gay seasonal pictures along the green or yellow cinderblock halls.

At present North End School has an enrollment of 430 children in grades one through six, and 102 kindergarten children. The capacity of the school is 540 students. The staff consists of a principal, Mrs. Helene Poland, 17 classroom teachers, a resource teacher, a music teacher, a physical education teacher, a special education resource teacher, and 4 O:MO aides; part-time help consists of a media center specialist, a reading teacher, a speech therapist, and an instrumental music teacher.

Teachers

Mrs. Poland expects no changes in next year's enrollment but notes, however, that if the County Council moves to decrease the school budget in the amounts that have been suggested, each school within the county could lose on the average of two teachers. Currently there are about 28-30 children in each class at North End.

North End has achieved great success in the teacher-turnover area. Mrs. Poland points with pride to the fact that usually only two teachers are added to the staff each year. One teacher, Mrs. Benson has been with the school for 25 years. "This says something for both the kids and the community," Mrs. Poland commented. She also added that half of the teachers have their master's degrees.

The O:MA (Operation: Moving Ahead) program was begun in November. This is a federal program designed to meet the needs of children with varying degrees of difficulty in reading. Trained aides assist with this program and it is hoped that funds will permit the project to be continued next year.

Beautification

Kindergarten, first and second grades use the Language Experience Approach to reading. The sixth grade, under the direction of Mrs. Lubetzky and a few former students now in secondary schools, have completed a Drug Education Program. A group of fourth, fifth and sixth grade students have been participating in an accelerated program under the guidance of Mrs. Richardson. They are also striving to beautify the grounds at North End.

The class would like to plant pine trees, but so far no one has volunteered the use of a truck to go to Virginia where the trees are growing and may be had without cost. Mrs. Poland expects that the class will plant flowers but is not optimistic about their survival, noting that in the past, when dogwoods and other plants were set out, neighborhood children and some school children, destroyed them.

Other than plants, the school has virtually no problem with vandalism. Being situated in the heart of the community, neighbors keep a watchful eye on the school.

Parent Participation

There are about 25 North End parents participating in the county's Volunteer North End Program and are currently assisting

classroom teachers in various capacities.

The PTA is an integral part of the school, and Mrs. Poland has recently moved to keep parents better informed about what is going on in the school by instituting a monthly bulletin called "North End News". With this vehicle parents are informed of the various activities going on in each grade as well as special programs, skills, or visits the children are involved in and may visit their child's classroom providing they have notified the school ahead of time.

Philosophy

According to Mrs. Poland, "Greenbelt North End School has engaged itself . . . in the task of cultivating mature, knowledgeable and responsible citizens . . . We endeavor to provide a program appropriate for the stimulation and realization of each individual child in the area of social, intellectual, physical and emotional development. We attempt to motivate the child's interest in learning about his world, and to help him form concepts that will serve as stepping stones for understanding, thinking, reasoning, problem solving and decision making. We try to provide the opportunity for children to develop self-discipline to enable them to co-exist in our society."

Having been principal of North End School for eight years herself, Mrs. Poland sees no great changes in the school or the children who attend it. Although she views society as more complex, "kids are kids," she states, and " . . . we are most anxious to make every possible effort to do our best both in teaching each and every child and giving each a positive self-concept."

Sewage Connection Denied SHL Recreation Center

The Springhill Lake Recreation Center received a jolt last week when the State Department of Health and Mental Hygiene (SDHMH) denied the city permission to connect the building into the sewage system while the moratorium is on.

The SDHMH on May 15, 1974 ruled that the proposed SHL Recreation Center does not meet the definition of public service building for purposes of approving an exception to the moratorium. According to SDHMH interpretation, public service buildings are schools, hospitals, nursing homes, medical and dental clinics, churches or synagogues, and structures used by public agencies to provide essential public service for the public health and welfare.

City manager James Giese said that several facilities of the Park and Planning Commission have also been denied. If no exception is granted for the SHL building, then there may be a delay of 18 months or more.

WHAT GOES ON

Thurs., May 30, 8:15 p.m., PRAB /APB Joint Meeting; Youth Center Conference

7:45 p.m., GHI Board Organization meeting, Hamilton Pl. Monday, June 3, 8:00 p.m., Public Hearing on 74-75 City Budget, Municipal Building

RECORD SALE OF POOL PASSES

The city has reported more than a doubling of pre-season swimming pool pass sales this year over last year at this time. The figures are as follows:

	# of passes sold	1973	1974
Resident family	122	277	
Resident single	16	66	
Non-resident family	13	25	
Non-resident single	—	1	
Senior citizen	1	7	
Season guest passes	3	—	

Conversations Continue

"Wednesday Conversations for Women" continues on June 5, 9:30 to 11:30 a.m., at the Greenbelt Library, with "Celebration and the Family." Guest speaker Elizabeth McMahon Jeep, teacher and author of *Celebrate Summer*, will discuss family appreciation and enjoyment of holidays, nature and the gifts of summer. Audience questions are encouraged. Call 474-6430 for child care arrangements.

Copies of the proposed budgets and City Manager's message will be available at the hearing or may be obtained at the City Offices, 25 Crescent Road, Monday thru Friday, 8:00 a.m. to 5:00 p.m.

GUDRUN H. MILLS

City Clerk

WEYEL, FOSTER, SMITH, MORYADAS ELECTED AS DIRECTORS OF GHI

by Al Skolnik

Except for incumbent Norman W. Weyel, the other three winners at last week's Greenbelt Homes, Inc. board of directors election were hard-pressed. Incumbent GHI president James W. Smith finished in third place, some six votes behind his running mate James R. Foster and some 21 votes ahead of fourth-place winner Virginia H. Moryadas who was part of a rival slate.

Fifth and sixth places went to Joseph A. Searles and Nolan G. Miller, but they were only a few votes behind Moryadas. The accompanying chart shows the vote.

All four winning candidates, who will serve for two years, received an absolute majority of the 458 votes cast. The 458 votes cast were not as high as last year's 648, but equaled that of two years ago. Brick home owners accounted for 246 of the votes cast, frame homeowners for 212. There were 16 proxy votes cast.

The four winning candidates now join the present five incumbents — Don Volk, Hugh O'Donnell, Joe Comproni, Steve Polaschik, and Ted Byerly — to round out the 9-member board. The organization of the new board and the election of officers will take place at the next meeting of the board on Thursday, May 30.

In the voting for the 3-member audit committee, incumbent Tony McCarthy was high man with 387 votes. Next came Joe Reid with 295 votes, and in third place was incumbent Janet James with 252 votes. A fourth candidate — James Wright — received 215 votes.

At the Thursday evening meeting, a 5-member nominations and elections committee was elected consisting of Josephine Seay, Katherine Keene, Mary Jane Kinzer, Gary Smith, and Dennis Burden.

The members also approved overwhelmingly at the evening meeting three by-law changes. The first put into writing what has been the current practice of making the approved minutes of the corporation available for inspection and copying by members.

The second provides for an expansion in the scope of audits and the third increases from \$500 to \$1,500 the limit on expenditures for supplies, materials, equipment,

etc. which would not have to be covered by written contract.

By-law Postponed

However, a proposed fourth by-law change, calling for one-day instead of two-day election of officers, ran into a parliamentary hassle. This by-law change had been placed on the voting machine upon petition by 50 GHI members.

Mat Amberg, from the floor, charged that the members were not given due notice of this by-law change because the agenda mailed to the members contained a statement that discussion and amendments to the by-law cannot be debated. Amberg maintained that this was in violation of the by-laws which provide for amending the by-laws by a two-thirds vote at any duly functioning membership meeting. He requested that the by-law change

GHI Election Tally For Board of Directors

Norman W. Weyel	286
James R. Foster	262
James W. Smith	256
Virginia H. Moryadas	235
Joseph A. Searles	229
Nolan G. Miller	218
Ben A. Hogensen	176

be placed on the agenda for discussion and amendment.

Board member Tom White followed this up by moving that the by-law change be removed from the voting machine because members' rights were being impaired. Board member Hugh O'Donnell objected to this move and threatened to seek injunctive action to prevent the removal of the question from the ballot.

Chairman James Smith asked GHI counsel Albert Ginsberg for an opinion. Ginsberg said that both sides were correct. The placing of the by-law change by petition on the voting machine was proper, he said, as was also the right of the membership to discuss and amend the by-law change at the evening meeting. In view of the confusion and the ambiguities of the notice of the meeting that might have induced some members not to attend the evening meeting because of the mistaken belief that the by-law change could not be discussed, Ginsberg thought it advisable to remove the question from the voting machine.

Chairman Smith adopted Ginsberg's ruling and he was upheld by a 62-44 vote of the membership. Upon a motion by Nat Shinderman, the membership then directed the board of directors to hold a special membership meeting some time before the 1975 annual meeting for the purpose of voting on the by-law change as presented by the petitioners.

In one other piece of action proposed by Alexander Barnes, the membership directed the board of directors to prepare 5-year, 10-year, and 20-year long-range plans for the future of GHI, such plans to be drafted by the annual membership meetings of 1976 and 1977.

Vandalism at Gardens

Some members at the Greenbelt Garden Club, who have vegetable gardens around the city have been victimized by young people running through them and pulling up young plants. Garden club president, Bill Hoff, suggests that parents point out to these youngsters the many hours of labor spent by gardeners, often in hot sun, and the price of vegetables at the supermarket.

School Budget Cuts Hurt

To the Editor:

As a parent, and a member of the Prince Georges County Educator's Association, Inc., I protest Mr. Gullett's budget cuts. The cuts must be restored because:

A) class sizes will rise drastically to unmanageable levels; B) equipment and supplies necessary to carry on essential classroom instruction will be eliminated; C) interscholastic athletics will be cut 20%; D) 47 elementary guidance counselors will be eliminated; E) summer school programs will be curtailed or eliminated. The above list is only a sample of what the budget cuts will do.

In addition, it is important to remember that the school budget was developed by representatives elected by the people of Prince Georges County. By cutting their budget Mr. Gullett is ignoring the will of the people on what they want and are willing to pay for their children's education.

As intelligent citizens and taxpayers, we must not allow Mr. Gullett to shortchange our most valuable resource — the children of Prince Georges County.

Please send letters of protest to all members of the County Council: Francis Francois, John J. Garrity, Samuel Bogley, John B. Burcham, Jr., Charles Callow, Royal Hart, Winfield Kelly Jr., Mrs. Lucille Potts, Ronald R. Reeder, Mrs. Gladys Spellman and Francis White. They may be reached at the County Courthouse, Upper Marlboro Md. 20870.

Let the members of the County Council know your concerns and wishes.

Lillie Goldberg

Vote of Confidence

To the Editor:

Your vote of confidence in returning me to the GHI Board of Directors is sincerely appreciated. I will continue to work to strengthen our cooperative through improved maintenance, effective management, long range planning and increased member participation in GHI affairs. Working together we can solve the complex problems related to home ownership in the fourth quarter of the 20th century.

James W. Smith

Thanks and Congratulations

To the Editor:

I wish to thank the G.H.I. members who voted for me in the recent election and all the members who came out to vote. Membership participation is a must if this co-op is to continue operating successfully.

I also want to congratulate all the candidates on the calibre of their campaigns. I hope the good fellowship will spread throughout the membership.

Norman Weyel

Thanks

To the Editor:

I sincerely thank everyone who supported me for election to the Audit Committee this year and will do my best to fulfill your expectations of me by being responsive to the needs of GHI.

Joe Reid

Farewell Social

There will be a farewell-thank you social for Sr. Anne Frederick who has been principal of St. Hugh's School for the past six years. The social will be held Sunday, June 2, 1:30-3:30 p.m. in Greenoble Hall. Everyone is cordially invited.

Mary E. Bryan

Long-time resident Mary Elizabeth Bryan, 48-A Ridge, died on Friday, May 24. Funeral services were held on Tues., May 28 at Ft. Myer Chapel, Arlington National Cemetery. A resident of Greenbelt since June, 1938, she was the wife of the late Allan A. Bryan, who with his son Wesley, started the Bryan Moving and Storage Company in Greenbelt over 20 years ago. Mrs. Bryan was 77.

She is survived by daughter Zella M. Parker, Winter Park, Florida, son Wesley A. Bryan, Silver Spring, Md. and Deanna R. Ryan of the home address and five grandchildren and two great grandchildren.

Litter on Roadside

To the Editor:

A survey of Greenbelt's roadside trash dumps on Monday evening disclosed that there were still twenty in existence in the areas of Ridge, Hillside and Crescent Roads. This seems to be a little improvement, but even twenty blights are more than we should tolerate.

I was very surprised to see one long-time resident who should have been setting an example, disposing of his bag of trash on Ridge Road.

With the excellent pick-up service from our yards that the city provides, it is hard to conceive why people will drag their trash for a considerable distance and then place it in a conspicuous place to mar the landscape. The city number for "no charge" trash pick-up which can be called at any time, day or night including Saturdays, Sundays and Holidays is 474-8000.

We Greenbelters are known for taking sides on any issue, but this is one program from which we can all benefit if we are of one mind to keep our yards, public areas and roadways clean.

Stephen Polaschik

CITY NOTES

The General Crew spent three days last week grading the old landfill site and also did some repair work at the dam end of the lake. The top edge of the concrete spillway was patched and repairs were made to the wooden bridge over the spillway. A coating of hot asphalt was applied to provide a smooth even surface. Cracks had developed in the wood planking and proved a problem for bicycle riders crossing the bridge.

The 20 h.p. electric motor that circulates the pool water burned out and both the pump and motor were removed and replaced after repairs were made by the special detail crew. This crew also made arrangements for the American Legion Memorial Day Program at the Center.

The newspaper collection last week totaled thirteen tons eight hundred pounds.

Reynolds Aluminum announced an increase in the price they will be paying for aluminum. Ten cents a pound is paid currently. Effective June 1st the city will be paid \$.15 a pound.

Council Searches for Additional Revenue

by Al Skolnik

A review of revenue yields for the 1974-75 municipal budget revealed mixed results at city council's May 21 meeting. Faced with a 27-cent increase in the property tax rate, council searched around mightily for some alternate sources of income to balance the budget, but the pickings were slim.

First, it was faced with some bad news from the State of Maryland which disclosed that it had been erroneously paying the city a portion of the income tax paid by non-Greenbelt residents which should have been paid to Prince Georges county. Under the law, the city of Greenbelt gets a certain portion of the State income tax paid by Greenbelt residents. Apparently, some taxpayers using Greenbelt mailing addresses actually do not reside within the city boundaries and the State did not discover this until recently.

As a result, the county has now sent the city a bill for \$18,000 for income tax monies previously paid to the city that should have been paid to the county.

It is anticipated, however, that some other income sources might help to make up the difference. For example, as a result of an unexplained upturn in movie admissions (council thought the movies were more exotic), the 10 percent amusement tax is expected to yield \$45,000 in fiscal year 1975, compared with \$33,000 originally estimated.

Also, the public utilities tax is expected to be up a couple of thousands, as is also the revenue from roadways permits.

A proposal was made to charge a \$1 fee for registering and issuing bicycle licenses, but there was some feeling that this might discourage youngsters from registering their bikes. Council decided to await public opinion on this issue at the public hearing scheduled for Monday, June 3.
